patented models

Extremely quiet blender

Thanks to its 30 pre-programmed cycles, the brushless blender #62 makes any kind of cold drinks (cocktails, smoothies, milkshakes, granitas, iced coffees...).

The patented two-way rotation of the blade, unique on the market, crushes and blends any kind of ingredients in a few seconds, including ice cubes and frozen fruits.

It is very quiet thanks to its sound enclosure and its brushless motor.

The Brushless Blender #62 can be used either countertop or in-counter, without any additional option (simple and quick dismantling of the base).
